The following is an examiner's statement of reasons for allowance:

The cancellation of claims 88 and 94 in the amendment filed November 1, 2006 (which has been entered) overcomes the 35 U.S.C. 112, second paragraph, rejection.

Independent claims 1 and 41 limited to a poly(arylene ether) as the thermoplastic and bis(2,3-epoxy-2-methylpropyl)ether as the flexibilizer avoids the closest prior art to Shiobara et al. Patent No. 5,225,484 wherein the flexibilizer is an epoxy-silicone copolymer. Papathomas et al. Patent No. 6,790,473 disclosing the claimed thermoplastic and flexibilizer is disqualified as an applicable reference under 35 U.S.C. 103(c)/102(e) since the subject matter of the patent and the claims were, at the time the invention was made, owned by International Business Machines Corporation as admitted on page 11, lines 11-14 in the Remarks section of the amendment, as required by MPEP § 706.02(l)(1), Common Ownership or Assignee Prior Art Exclusion Under 35 U.S.C. 103(c).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
